

Professional Bio of John Carrozzella  
[www.Facebook.com/Jcarrozzella](http://www.Facebook.com/Jcarrozzella)

John C. Carrozzella, II, MD is President and CEO of TBRE Investments, Inc. and a semi-retired Orthopaedic Surgeon. He lives in beautiful Tampa Bay, Florida with his wife Sheryl.

Raised in Wallingford, Connecticut, a small town south of Hartford, John has always been ambitious. In his teens, John attended one of the best private schools in the country: Choate-Rosemary Hall, where he excelled in academics as well as football, golf, and wrestling. After graduating from high school, John attended Yale University where he was instrumental in the redevelopment of the Zeta Psi fraternity. His focus at Yale was on science and his future in the field of medicine. He received a bachelor's degree with honors in molecular biology and biochemistry.

After graduating from Yale University, John headed west and earned a doctorate in medicine from the University of Cincinnati. His hard work and dedication to the art of medicine landed him in the top 5% of his graduating class; he was awarded the distinguished honor Alpha Omega Alpha. This prestigious award is given to "medical students who have excelled academically, demonstrated professionalism, and have shown promise of becoming leaders in the profession". Following medical school, John was selected as the leading candidate for the University of Cincinnati's residency in orthopedic surgery and was then selected as the very first Fellow of the Mary S. Stern Fellowship in Hand and Microsurgery, a program that has grown into one of the top hand surgery training programs in the world.

John spent more than 20 years working in the field of Orthopaedic Surgery in locations across the United States. His distinguished career was highlighted by memberships in the American Academy of Orthopaedic Surgeons, the American Society for Surgery of the Hand, the American College of Surgeons, and the American Medical Association. His case work has also been published in the *Journal of Hand Surgery*, *Hand Clinics*, and has been presented at the American Academy of Orthopaedic Surgeons annual meetings.

John has also been active in the administrative side of medicine. He served as the Medical Director of the Outpatient Surgical Center at the Medical Center Clinic in Pensacola Florida, and the Chairman of the Department of Surgery at South Florida Baptist Hospital, in addition to being active on numerous committees and subcommittees throughout his career. In 2007 John retired from full-time practice and now practices medicine part-time. He holds active medical licenses in the states of Florida, Indiana, Nebraska, New Hampshire, South Carolina, and Virginia. He continues to stay current in the medical field with the completion of CME hours and the ongoing treatment of patients.

In 2002, in preparation for his retirement from full-time medical practice, John began a second career in Real Estate. During his career as a surgeon John had made some Real

Estate investments, and he knew that the extra time afforded to him by retirement would allow him to launch a second career. Since 2003 John has studied under some of the nation's leading Real Estate professionals. His accomplishments include a "Master of Real Estate Investing" certification that he obtained through the teachings of Real Estate Guru and self-proclaimed "Millionaire Maker" Ron LeGrand. He has also trained and coached with many other Real Estate investors, working with notable people in the field such as Bob Leonetti, Jayme Kahla, Richard Roop, Dan Doran, Kris Kirschner and Lee Arnold. These renowned experts are known for their knowledge in areas such as Real Estate Marketing, Deal Structuring, Residential Housing Investments, Foreclosures, Commercial Investing, and Sales Mastery.

In Real Estate, John has discovered his true passion in life. To him, Real Estate is full of excitement and challenges. He oversees a very active Single Family House business and has handled many foreclosure cases. He is a master at Short Sales, and finds special joy in bringing tremendous value to sellers, buyers, real estate agents, and communities when he is engineering very difficult transactions. He has also spent much time finding, evaluating, and structuring commercial Real Estate projects. In 2008 John founded TBRE Investments, Inc with the goal of creating a Real Estate company that builds exceptional value for all of the stakeholders. John based TBRE Investments, Inc on a strict set of values; these values guide the company and allow John to face the challenges of today's real estate market with a clear vision. He is honored by the people that he meets and the lives that he touches through his work.

John has begun developing his own Real Estate mentoring business to share his knowledge and love of Real Estate investing with others. The focus of the mentorship business is to help professionals find a new outlet for their talents and to supplement their incomes or discover a new direction for their lives. He has also launched an internet marketing company to further facilitate the sharing of his Real Estate passion with others.

In his private life, John finds immense pleasure in his relationship with his wife Sheryl. Married in 2004, the couple spends many hours together enjoying life. Eating is an adventure to John and Sheryl; the couple loves exploring new places to eat and creating their own gourmet meals together. They also enjoy simply relaxing at home or at the movies. Travel is another passion for John; a seasoned motorcycle rider, he has ridden across vast portions of the country on his Harley-Davidson motorcycle, managing to see 45 of the 50 states.

John plans to fully retire from medicine soon and devote more time to his new business ventures and most importantly, his family. With a dream of visiting not only all 50 states, but also each of the seven continents, he has a lot of traveling to do. John's biggest personal dream is to experience the excitement of a ride in a US military fighter jet.
